Present

1st Jamaican Paediatric Nephrology Conference 2014

Jamaica Conference Centre, Kingston, Jamaica

October 4th, 2014

This conference is geared towards making paediatric nephrology information, on a variety of common problems, available to all medical practitioners in Jamaica. Many well-recognized specialists in the field from Jamaica, Canada and the United States of America will be participating.

For more information, contact Dr. Maolynne Miller: maorellim@gmail.com

Topics include:

- Enuresis,
- Paediatric hypertension,
- Disorders of fluid and electrolyte balance,
- Patterns of renal disease in Jamaican children and
- Current management protocols for childhood urinary tract infections and nephrotic syndrome.

Registration includes lunch and coffee breaks
